

Superior quality. Empowered physicians. A smarter way forward for value-based care.

Integrated Approach

Partnering with the right stakeholders to build a 360-degree, coordinated model of care.

Innovative Tools

Leveraging data and technology to improve patients' quality of life and physicians' peace of mind.

Optimized Structure

Establishing culture, leadership and governance as anchors for achieving every benchmark.

When value-based care is done right, everyone wins.

Our integrated solutions help improve patient care, engage providers and build a sustainable business model to relieve the growing financial pressure facing healthcare institutions.

CMS quality ratings for our MA plans w/ approximately 50 percent dual-eligible members

Unmatched expertise. With more than **120 years of combined experience** in managed care and care delivery, our leadership team consists of preeminent experts with proven expertise across diverse markets. Partners can be confident that their value-based model is capturing every opportunity for improved quality, engagement and margins.

Proven results. Managing nearly **half a million lives**, we have the outcomes to prove the efficacy of our model. We have consistently **reduced admissions – 49 percent** for members with chronic illnesses – as well as **reduced beddays – down 40 percent** from competitors for our MSO Managed Medicaid members – all while improving medical margins along the way.

Industry-leading best practices. Our multidisciplinary approach ensures partners achieve the high levels of quality, cost and utilization today's market demands. **We weave together every component** of the healthcare ecosystem to build and maintain operating models that are sustainable, cost-effective and fully integrated with today's technologies.
